On the cover: The James H. Kehoe Track and Field Facility opened in 1995 and is considered to be one of the top venues on the east coast.

MEN'S OUTLOOK

The Men's Track and field team looks toward a promising season with several standouts in both the throws, sprints, and distance events.

The throws team is led by Junior Ihekwaba "Felix" Otiji and Sophmore Jamie Wu. Otiji finished seventh in the Hammer throw at the Outdoor ACC Championships last season, and looks to improve this year. As a freshman Wu qualified for the U.S. Jr. Nationals, was sixth in the ACC in the discus, and tenth in the shot put.

Senior Ed Hogan takes over for Brian Montgomery to lead the distance runners. Last year Hogan finished fourth in the ACC in the 10,000m run, and placed second at the IC4A's in the same event.

Junior Paul Gittens is another team leader. He finished fifth in the ACC in the 400 meter dash last year, and will improve this year.

WOMEN'S OUTLOOK

The Women's Track and Field team is a much improved team over last season due to many outstanding new recruits.

As usual, the distance runners are led by All-American senior Kerrie Bowes. She placed 3rd in the ACC in both the 800 and 1500 meter runs, and last spring finished eighth in the mile run at the NCAA Championships. Great things are expected out of Kerrie Bowes this year.

Stacey Minott, Onome Pela, Nikki Webster, and Antoinette Eyombo, will lead the women's sprint teams. Two outstanding freshmen, Jocelyn Butler and Candyce Deloatch are expected to make a huge impact in the 4x400m relay.

The throws team is led by Heather Atkinson, backed up by Cathy Porter and Jennifer McManus. All have improved remarkably over last season.

Track and Field
Head Coach Bill Goodman

Head Coach Bill Goodman is a dedicated and experienced leader, having spent most of the past 25 years involved in Maryland Track and Field. The 1975 university of Maryland Graduate has been involved on all levels, as an athlete, an assistant coach, and now currently as a head coach.

Following his graduation, Goodman became an assistant track coach at Maryland under Frank Costello from 1976-83. Over these seven years in College Park, Goodman helped coach All-Americans Bob Calhoun (Long Jump) and Dennis Ivory (Triple Jump).

In 1983 Goodman took over the head coaching job at nearby Eleanor Roosevelt High School. He held this position until 1988. During his tenure at Roosevelt, he led the men to an Indoor State Championship in 1984, and the girls to a State Cross Country Title in 1986.

Goodman then returned to his alma mater in 1988 to accept the head coaching job, the position he currently holds. Goodman guided Maryland track through immense changes, the largest occuring in 1995 with the addition of the $2.5 million James H. Kehoe Track and Field Facility.

As a student-athlete, Goodman excelled both on and off the track. A four year letter-winner, he was the 1973 ACC Indoor/Outdoor long jump champion, and the 1975 IC4A outdoor triple jump champion. He also qualified for the NCAA's in 1973, '74, and '75. Goodman held the school record in the long jump from 1973-75, and the ACC outdoor record from 1973-86. Goodman received the Alvin Albinoe award for the senior who contributed the most to the team in his four years, and was named a team captain in 1973, '74 and '75. From 1973-75, Goodman was the vice-president of honorary fraternity Omicron Delta Kappa, representing outstanding academic leadership achievement. In 1975 he received the ACC plaque for excellence in scholarship and athletics. Goodman was an honorary inductee in the Golden Key Honor Society.

Bill and his wife, Helen, are the proud parents of two daughters, Shani and Natalie. Natalie's godfather is Dan Rincon, Maryland's Cross Country Coach.

Cross Country
Head Coach Dan Rincon

Dan Rincon began his coaching career at the University of Maryland in 1988, and got off to a fast start. In his first season as cross country coach the Maryland women's team finished third in the ACC Championships, with Rosalind Taylor capturing the individual title for the Terrapins.

In addition to coaching the cross country team, Rincon also has responsibilities with the distance runners on the track team. The 1991 4x800 relay team finished eighth in the country at the Indoor National Championships. The 1992 women's distance medley team finished second at the ECAC Indoor Championships and ninth in the Penn Relays Championships of America. Over the past four season's Rincon has guided All-American Kerrie Bowes. Last spring Bowes finished third in the ACC in both the 800 and 1500 meter events, and also qualified for the NCAA's in these same events.

Rincon was a highly decorated runner at Maryland in the mid 70's. He won four letters for cross country, and three for track. In 1975, as a senior, Rincon was the Atlantic Coast Conference 6-mile champion as well as an NCAA All-American in cross country. He held the school record for the two mile run with a time of 8:49.6, and the 10k run with a time of 30:04.1. Rincon was also the 1975 Jim Kehoe Award winner, presented to the most valuable track athlete in terms of performance, dedication, and spirit.

After graduation Rincon competed for the USA Adidas National Road Racing team. In 1976 he qualified for the Olympic Trials to compete for a spot on the Olympic Marathon team. In 1978 Rincon became the Road Runner Club of America National Champion in the 20k. Upon his retirement from active competition, Rincon was ranked 10th in the U.S. in the 10-mile run, and fifth in the country in the 20k.

Rincon retired from competition in 1981, and became the coach and manager of the Mid-Atlantic Road Racing team. In 1983 he left the Adidas team to coach cross country at Elanor Roosevelt High School in Greenbelt, MD. At Roosevelt, he coached the team to seven straight boys county championships, four straight girls county championships, and two girls State Championships.

Assistant Coach
Jennifer Atkinson

Jennifer Atkinson, in her second year with Maryland, is an all around assistant coach for the track team.

Atkinson attended the University of Nebraska-Lincoln as a student athlete, where she was a two time All-American in the 4X400 meter relay. Atkinson was also a three time Big Eight Champion in the Indoor 4X400 meter relay, a two time individual Big Eight Champion in the 600 yard run, and a two time Big Eight Champion in the Outdoor 4X400 meter relay.

A 1995 graduate of the University of Nebraska Medical Center College of Nursing, she also works at the University of Maryland Health Center as a nurse.

Assistant Coach
Roland Desonier

Entering his eighth year of coaching at the University of Maryland, Desonier's primary responsibility is in assisting with all types of throwing events. Desonier educates the Terps in all aspects of throwing, and maintains an individual weight and conditioning program for each athlete.

Desonier graduated from C.W. Post Long Island University in 1976. 20 years later, he still holds all of the school records for the hammer, discuss, and 35 lb. weight throws. As a five time All-American in both indoor and outdoor track, Desonier placed second in the nation in the hammer and discus throws. In 1989, Desonier was inducted into the C.W. Post Hall of Fame.

Before joining the Maryland coaching staff, Desonier coached on the high school level for two years in Long Island.

Assistant Coach
Donald Thomas

Donald Thomas begins his second year as a Terp coach with the responsibility of coaching the hurdle and high jump events, and as the recruiting coordinator.

Thomas came to Maryland from Erie Community College, where he assisted in the planning and organization of the track and cross country teams. As an assistant coach at ECC, Thomas helped guide the teams to great success. The men's indoor and outdoor track and field teams won the 1990-93 NJCAA Region Three Championships, while the women's won the NJCAA Region Three Championship in 1995. Durring his tenure at ECC, Thomas oversaw five NJCAA track All-Americans, and two NJCAA Cross Country All-Americans.

Thomas earned his associate degree in recreation leadership from Erie Community College.

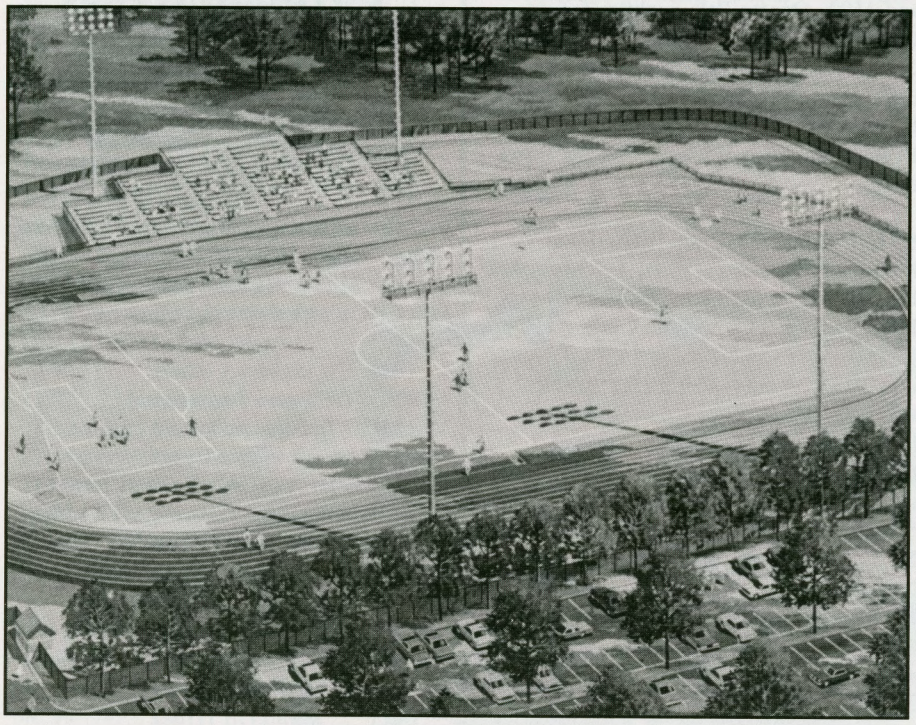
THERE'S NO PLACE LIKE HOME!!!
THE JAMES H. KEHOE TRACK AND FIELD FACILITY



The $2.5 million James H. Kehoe Track and Field Facility/Ludwig Soccer Field is the home of the Terrapin track and soccer teams. The 1,500 seat facility enters it's second year on campus to rave reviews.

The Track complex, pictured left, is a fully lighted facility with an all-weather track and a Bermuda grass playing field. This field provides the nationally ranked Maryland soccer teams with one of the best playing surfaces in the nation.

The primary seating section is situated on the west end of the complex. In the near future a $100 million Theater Arts Center, scheduled to be completed around the turn of the century, will be built to the north.

The facility is also orientated to accomodate the visiting fan. The field is adjacent to the largest parking lot on campus, Parking Lot 1, and nearby University Boulevard Entrance. Traffic flows easily from this visitor-friendly complex.

The facility is named for James H. Kehoe, former University Athletic Director and highly succesful track and field coach.coach,as well as Terrapins Bob and Louise Ludwig.

The James H. Kehoe Track and Field Facility is named after the greatest track and field/cross country coach in the history of both Maryland and Atlantic Coast Conference Athletics. Between 1953 to 1969, Jim Kehoe led Maryland to an unprecedented 38 ACC Championships, eight in cross country, 15 in indoor track and field, and 15 in outdoor track and field. Kehoe's 30 combined indoor and outdoor conference championships gives him 19 more championships than the conferences next winningest coach. In fact, the next two winningest coaches are Frank Costello (11) and Nick Kovalikides (10), the two Maryland coaches to follow Kehoe. This only begins to portray the dynasty Kehoe created. In the 1970's Kehoe retired as coach and became the athletic director, where he resurrected the Terrapin football program and directed a basketball success story unmatched in previous years.

The Maryland men's track and field program holds the Atlantic Coast Conference record for most consecutive (24) and most overall championships (26).

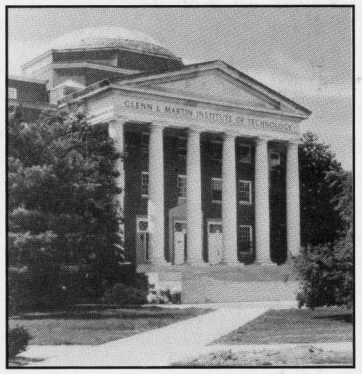
THE UNIVERSITY OF MARYLAND AT COLLEGE PARK



Through an act of state legislature, the University of Maryland at College Park has been designated officially as the state's flagship campus with a mandate to become one of the nation's leading public universities. The effect of the mandate is for individuals from all four corners of the University to aspire toward excellence, to think great thoughts and to become immersed in an educational enterprise of the highest caliber. There is an unmistakable momentum for change and a sense of heightened expectation at College Park.

Academic Stature: One of only 30 public research institutions in the prestigious 58-member Association of American Universities; among fewer than ten percent of universities invited to join Phi Beta Kappa.

Baccalaureate Choices: Degrees are offered in 98 disciplines; pre-professional programs in dental hygeine, dentistry, law, medical technology, medicine, nursing, optometry, osteopathic medicine, pharmacy, physical therapy, and pediatric medicine.

Plenty of Drama: The 1,350 seat Tawes Theater sets the stage for major theatrical productions and special events.

Faculty Facts: Full-time - 1,998; part-time - 544; student/faculty ratio - 14/1.

Easy Travel: The MARC train offers public transportation from College Park to Baltimore's Camden Station, next to Oriole Park at Camden Yards and near the Inner Harbor. The highly efficient Metro system puts the Suburban Maryland, District of Colombia, and Northern Virginia areas a short transit system ride away from College Park.

Ideas: More than 100 active patent disclosures by university inventors are managed by the Office of Technology Liason.

Journalist's Pick: The College of Journalism was selected as one of the two sites in the U.S. for the Hubert H. Humphrey Fellowship Program, and named one of the nations top communications programs by the Gannett Center for Media Studies.

Library Holdings: Largest academic research library system in the Washington metropolitan area. There are more than 2.8 million volumes in libraries and 4.6 million items on microfilm.

Nationally Noted: A dozen academic departments and programs at College Park are placed in the top 10 among U.S. public universities by the National Academy of Sciences.

U.S. News and World Report Finds: The Department of Computer Science ranks 12th in the nation, beating three Ivy League schools, and the Department of Physics is 13th best, ahead of both UCLA and Pennsylvania. The Public Relations Graduate Program is the #1 program in the country. The College of Business and Management is considered 14th in student selectivity.

Neigbors: Campus neighbors include the library of Congreess, the Smithsonian Institutions, the National Institutes of Health, The National Aeronautics and Space Administration(NASA), the National Science Foundation and the U.S. Department of Agriculture's Agriculture Research Center. On campus is National Archives II.

Value: College Park is included in the *Guide to 101 of the Best Values in Colleges and Universities*, published annually by the Center for College Enrollment Studies.

Location, Location, Location

3 miles are all that seperate College Park from Washington, DC. The Washington monument is less than 10 miles away; a short drive or metro ride.

35 miles seperate College Park from Baltimore and the Inner Harbor, with easy access by train available.

Maryland, in stats compiled by the National Research Council NRC), ranked 18 of the graduate programs as "strong" or "excellent".

Maryland, according to the NRC, ranked among the 10 best public universities in Computer Science, Physics, Mathematics, Electrical Engineering, Economics and Oceanography.

Maryland's College of Journalism was ranked by the Gannett Foundation as one of 11 exemplary programs nationally.

Maryland was chosen by *Money* magazine as one of the 100 "Best Buys" nationally.

Maryland was one of only nine top-ranked honors programs in *Ivy League Programs at State School Prices.*

Maryland ranked eighth in the nation in the number of Fulbright Scholarships awarded (28 in 1994-95).

Maryland is in the top three non-historically black institutions in number of African American's receiving bachelor's degrees.

Maryland is second in the U.S. among non-historically black institutions in number of African-American graduates who go on to earn doctorates, according to the National Research Council.

1,568 student-athletes named to Scholar Athlete Honor Roll (3.0+ GPA) in last decade.

1995 overall athletic graduation rate (68%) exceeds overall University Graduation rate (66%), and has increased fron 55% in 1991 (students entering in 1984-85).
